Career Preference Outline

25X1A9a

The Career Service Board after review of

career preference outline considers her desire to continue in

Library work as being consistent with her capabilities.

It has been noted that completed self-sponsored 25X1A9a external training toward a Master's Degree in Library Science and is working on her Thesis. This, together with her language abilities, provides additional potential to assume greater responsibilities within the Map Library or elsewhere in the Agency.
